RESPONSE

Asst. Commissioner for Patents
Washington, D.C. 20231

Sir:

Responsive to the notice of missing requirements dated February 19, 2002, Applicants are returning herewith a copy of the notice and it is requested that the same be withdrawn since it was improperly issued.

The notice requests that Applicants submit within two months from the date of the notice a sequence listing as well as a diskette thereof. However, the present application does not relate to any nucleotides or amino acid sequences but, rather, is directed to catalysts for polymerization and there is no need therefor for submitting a sequence listing since there are no amino acid sequences. Therefore, withdrawal of this requirement is requested.

Respectfully submitted,
Bierman, Muserlian and Lucas
